22 There are three buses, **A**, **B** and **C**.

The total number of seats in the three buses is 250

28% of the 250 seats are in bus **A**.

number of seats in bus **B** : number of seats in bus **C** = 3 : 2

38 of the seats in bus **B** are empty.
26 of the seats in bus **C** are empty.

Jamie says,

> "The percentage of the seats in bus **B** that are empty is greater than the percentage of the seats in bus **C** that are empty."

Is Jamie correct?
You must show how you get your answer.

(Total for Question 22 is 5 marks)
