

Question	Answer	Mark	Mark scheme	Additional guidance
8 (a)	$\frac{3}{4}$ km and comparable values	P1	for process to find comparable values, $\frac{3}{4}$ eg $\frac{3}{4} = 0.75$ or $\frac{3}{4} = \frac{75}{100}$, $0.8 = \frac{80}{100}$ or $0.8 \times 1000 (= 800)$, $\frac{3}{4} \times 1000 (= 750)$	May be seen on a number line
		A1	$\frac{3}{4}$ for $\frac{3}{4}$ (km) and correct comparable values	Accept equivalences
		M1	for 140 or 1.15 or 0.25 or 25	
		A1	for 0.25 m or 25 cm	Do not accept numerical answers without the correct units shown
(b)	0.25 m or 25 cm
