Question	Answer	Mark	Mark scheme	Additional guidance
17 (a)	Reflection	M1	for a correct reflection in any line or a correct reflection of at least 3 correct vertices plotted from (–1, 1), (–3, 1), (–3, 2), (–2, 3), (–1, 3)	Shape does not need to be labelled provided there is no contradiction.
		A1	cao	
(b)	Description	C1	for explanation eg the point (10, 6) is incorrect or point E is incorrect (should be (12, 6)) or length of DE is not 3 times the length of AB or triangles are not similar (as two of the angles are different)	.
