11 The accurate scale drawing shows a map of an island.

A and *B* are points on the island.
The real distance, in kilometres, between *A* and *B* is 56 km.

Treasure is buried at point *C* on the island.
Point *C* is 35 km from *A* and on a bearing of 300° from *B*.

Mark the point *C* with a cross (×).

(Total for Question 11 is 5 marks)
