9		1150	P1	for process to use density and mass, e.g. 8600 ÷ 15
			P1	for process to use ratio to find one other density, e.g. 8600 ÷ 15 × 13 or looking at difference in ratios
			P1	for a full process to find mass of either A or C, e.g. 8600 ÷ 15 × 13 × 5 (= 37266.6 …)
			P1	for a full process to find the difference between the mass e.g. 8600 ÷ 15 × 13 × 5 – 8600 ÷ 15 × 21 × 3

			A1	1146 to 1150
