Question	Answer	Mark	Mark scheme	Additional guidance
8	88	P1	begins to work with rectangle dimensions eg $2l + w = 24$ or $2l - w = 16$	May be expressed in words
		P1	for process to find a missing length eg $w = 4$ or $l = 10$	
		P1	for process of finding total perimeter eg $6 \times [l] + 4 \times [w] + 2 \times [l - w]$ or $2 \times [2l] + 2 \times 24$ or $4 \times (2[l] + 2[w]) - 6[w]$	
		A1	cao
