13 Here are five graphs.
Each graph shows either direct proportion or inverse proportion.

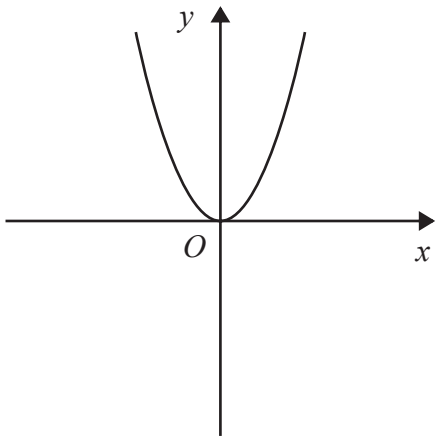

A

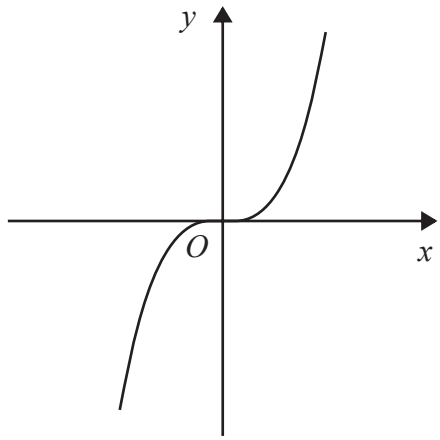

B

C

D

E

The table shows five equations.

Equation	Graph
$y = kx^3$	.....
$y = k\sqrt{x}$	.....
$y = kx^2$	.....
$y = \frac{k}{x}$	.....
$y = kx$	.....

Match the letter of each graph to its equation.

(Total for Question 13 is 3 marks)
