

- 9 Here is a rule for working out the area of a rhombus.

Multiply the lengths of the diagonals together
and then divide by 2

A rhombus has diagonals of length 6 cm and 8 cm.

- (a) Use the rule to work out the area of this rhombus.

..... cm^2
(1)

A different rhombus has an area of 30 cm^2

One of the diagonals of this rhombus has a length of 5 cm.

(b) Work out the length of the other diagonal.

..... cm
(2)

(Total for Question 9 is 3 marks)
