7 Fahima buys

2 packets of bread rolls costing £1.50 for each packet
1 bottle of ketchup costing £1.60
3 packets of sausages

Fahima pays with a £10 note.
She gets 30p change.

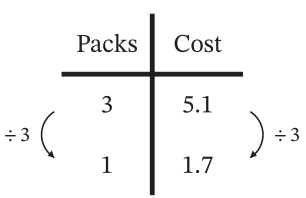

Fahima works out that one packet of sausages costs £2.30

Is Fahima right?
You must show how you get your answer.

Total spent = £10 – £0.30 = £9.70

Rolls + ketchup = £3.00 + £1.60 = £4.60

Three sausage packs = £9.70 – £4.60 = £5.10

1 mark
Use the other costs and the change

1 mark
Find the cost of one sausage pack

Cost is in pounds.

No. One pack costs £1.70, not £2.30.

1 mark
Supported conclusion

(Total for Question 7 is 3 marks)
