3 Here are four digits.

5 6 1 9

(i) Write down the smallest possible two digit number that can be made with two of the digits.

Use the smallest tens digit, 1,

then the smallest remaining digit, 5.

1 mark
Smallest two-digit number

15

(1)

(ii) Write down the three digit number closest to 200 that can be made with three of the digits.

The largest number below 200 is 196.

The smallest above 200 is 516, much farther away.

196

1 mark
196 is only 4 away from 200

(1)

(Total for Question 3 is 2 marks)
