4 Sean has drawn a time series graph to show the numbers, in thousands, of visitors to a fun park.

Write down two things that are wrong or could be misleading with this graph.

1 1. Vertical scale starts at 6, not 0.

~~1 mark~~
Truncated vertical axis.

2 2. Data points are joined by curves.

1 mark
Use straight segments.

(Total for Question 4 is 2 marks)
