16 In a tin of baked beans,

weight of beans : weight of tomatoes : weight of other ingredients = 3 : 2 : 1

There are 150 g of tomatoes in the tin.

Work out the weight of the beans.

1 mark
Scale2parts to150g

Beans		Toms		Other	
3	×75	2	×75	1	×75
225		150		75	

150 ÷ 2 = 75.

75 × 3 = 225g.

225g of beans.
