15 Kate is x years old.
Lethna is 3 times as old as Kate.
Mike is 4 years older than Lethna.

Write down an expression, in terms of x, for Mike's age.

Lethna: 3x years

Mike: 3x + 4 years

2 marks total
Triple Kate's age, then add 4.

…..…… years

(Total for Question is 15 is 2 marks)
