14 Oscar asked each teacher in his school what their favourite type of TV channel is.

Here are his results.

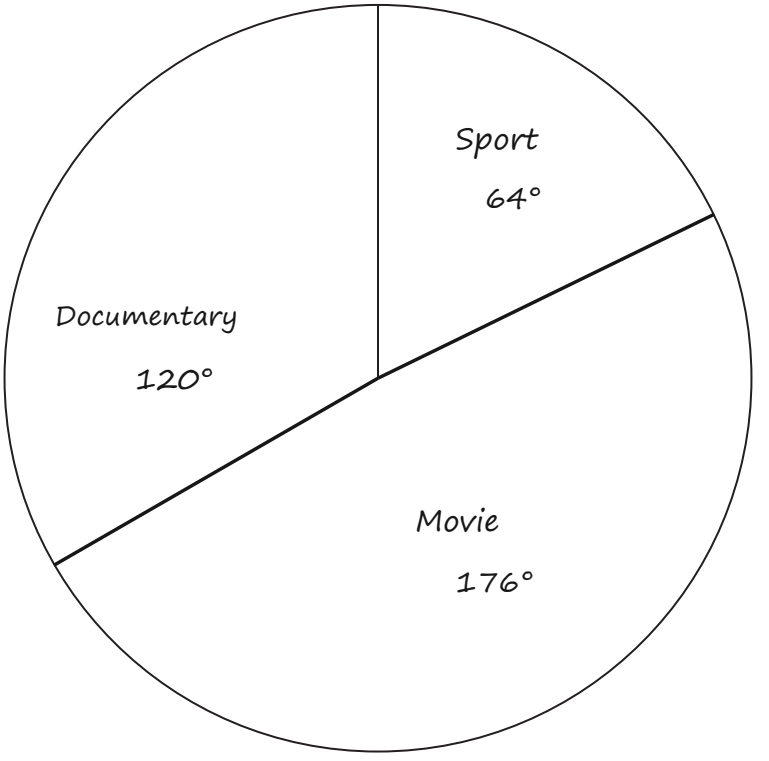

Type of TV channel	Frequency
Sport	8
Movie	22
Documentary	15

Draw an accurate pie chart for this information.

Total = 8 + 22 + 15 = 45; 360° ÷ 45 = 8° per teacher

Sport: 8 × 8° = 64°; Movie: 22 × 8° = 176°

Documentary: 15 × 8° = 120°

1 mark
Use frequency ÷ total × 360°.

2 marks total
All three angles correct; accurate, labelled sectors.

(Total for Question 14 is 3 marks)
