25 A is the point with coordinates (5, 9)
B is the point with coordinates (d, 15)

The gradient of the line AB is 3

Work out the value of d.

$$\text{Gradient} = \frac{15 - 9}{d - 5} = 3$$

1 mark
Use change in y ÷ change in x

$$3(d - 5) = 6$$

÷3 ÷3

1 mark
Rearrange to isolate d

$$d - 5 = 2$$

+5 +5

$$d = 7$$

1 mark
Correct x-coordinate

7

(Total for Question 25 is 3 marks)
