11 You can use this graph to change between stones and kilograms.

(a) Change 3 stones to kilograms.

At 3 stones, the graph reads about 19 kg.

..... kilograms

1 mark
Graph reading: 19 kg

(1)

(b) Change 80 kilograms to stones.

10 stones ≈ 64 kg; scale to 80 kg.

80 ÷ 64 × 10 ≈ 12.5 stones

2 marks total
Extend the ratio
About 12.5 stones

..... stones

(2)

(Total for Question 11 is 3 marks)
