Question	Answer	Mark	Mark scheme	Additional guidance
20	4, –3	P1	for process to find an equation by using f(4) = 13, eg $4c + d = 13$ oe	
		P1	for process to find $g^{-1}(x)$, eg $\frac{x-5}{2}$ oe **or** for process to use $gg^{-1}(15) = gf(2)$	May be given for $g^{-1}(15) = \frac{15-5}{2}$. (= 5)
		P1	for process to find a second equation, eg $2c + d = 5$ oe	
		P1	for process to solve equations, eg $c = 4$ or $d = -3$	
		A1	cao
