21

Show that these two triangles are mathematically similar.

Match the shortest, middle and longest sides.

1		2		3
3	×2.5	4	×2.5	5
7.5		10		12.5

1 mark
A common scale factor of 2.5

All three side ratios are equal,

so the triangles are similar (SSS).

1 mark
All three ratios agree

(Total for Question 21 is 2 marks)
