**24** A garden is in the shape of a rectangle, *ABCD*, and a semicircle.
*AD* is the diameter of the semicircle.

Carol is going to cover the garden with fertiliser.

A box of fertiliser costs £4.99
Carol has been told that one box of fertiliser will cover 12 $m^2$ of garden.

(a) Work out the cost of buying enough fertiliser to cover the garden completely.

£ .....

**(5)**

Carol finds out that one box of fertiliser will cover more than 12 $m^2$ of garden.

(b) Explain how this might affect the number of boxes she needs to buy.

.....

.....

**(1)**

**(Total for Question 24 is 6 marks)**
