20 Lyn measures the length, x cm, of a piece of string as 3.5 cm correct to the nearest millimetre.

Write down the error interval for x.

1 mm = 0.1 cm; half a millimetre = 0.05 cm.

2 marks total
Both bounds;
correct inequalities

$3.45 \leq x < 3.55$

(Total for Question 20 is 2 marks)
