8 Here is part of an accurately drawn map showing two towns, Appleton and Blickford.

(a) Find, in kilometres, the real distance between Appleton and Blickford.

cm	km
1	5
7	35

×7 ×7

7cm × 5 = 35km.

35km

..... km

(2)

Cookwood is a town 22 km due South of Blickford.

(b) On the map, mark with a cross (×) the position of Cookwood.

cm	km
1	5
4.4	22

×4.4 ×4.4

22 ÷ 5 = 4.4cm.

Due south of Blickford.
