13 Here is a shape made from a rectangle and a triangle.

Work out the total area of the shape.

Triangle base = 15 – 7 = 8cm.

1 mark
Find missing length

Triangle height = 22 – 9 = 13cm.

Rectangle area = 15 × 9 = 135cm^2.

1 mark
Area of a component

Triangle area = ½ × 8 × 13 = 52cm^2.

Total area = 135 + 52 = 187cm^2.

1 mark
187cm^2

.....cm^2

(Total for Question 13 is 3 marks)
