12 Jon was at a football match.
The match ended at 1655

Jon got back to his car in the car park 15 minutes after the match ended.
He drove out of the car park 10 minutes later.
It then took him 45 minutes to drive home.

Did Jon get home before 1800?
You must show how you get your answer.

16:55 + 15 minutes = 17:10

1 mark
Add each time interval.

17:10 + 10 minutes = 17:20

17:20 + 45 minutes = 18:05

1 mark
Arrival 18:05.

No. He got home 5 minutes after 18:00.

1 mark
Compare with 18:00.

(Total for Question 12 is 3 marks)
