6 Pedro goes to a cafe.
He buys 3 cups of hot chocolate and 3 slices of toast.

Each cup of hot chocolate costs £3.25
Each slice of toast costs £1.10

Pedro pays with a £10 note and a £5 note.

He thinks he should get more than £2 in change.

Is Pedro correct?
You must show how you get your answer.

Hot chocolate: 3 × £3.25 = £9.75

1 mark
Find an item cost.

Toast: 3 × £1.10 = £3.30

Total cost = £9.75 + £3.30 = £13.05

1 mark
Find the total bill.

Amount paid = £10 + £5 = £15

Change = £15 – £13.05 = £1.95

1 mark
Find the change.

No. £1.95 is less than £2.

1 mark
No; £1.95 change.

(Total for Question 6 is 4 marks)
