17 Patrick wants to buy 20 rucksacks.

There is a special offer.

Rucksacks cost £21.40 each Buy 20 or more rucksacks get 15% off the total cost

Work out the cost of buying 20 rucksacks using the special offer.

Full cost = 20 × £21.40 = £428

1 mark
Find full cost.

10% of £428 = £42.80

5% of £428 = £21.40

1 mark
Find 15%.

15% discount = £42.80 + £21.40 = £64.20

Offer cost = £428 – £64.20 = £363.80

2 marks total
Subtract the discount from £428.

£ 363.80

(Total for Question 17 is 4 marks)
