12

Enlarge shape **P** by scale factor $-\frac{1}{2}$ with centre of enlargement (0, 2)

(Total for Question 12 is 2 marks)

From (0, 2), reverse and halve each vertex vector.

(2, 3) → (-1, 1.5); (4, 3) → (-2, 1.5)

(2, 7) → (-1, -0.5)

2 marks total
All three image vertices plotted on the original grid.
