13 Shape **B** is a reflection of shape **A**.

1 mark
Halfway between matching points on A and B.

(a) On the grid, draw the mirror line.

(1)

A circle with diameter 3 cm is enlarged.
The diameter of the enlarged circle is 15 cm.

(b) Write down the scale factor of the enlargement.

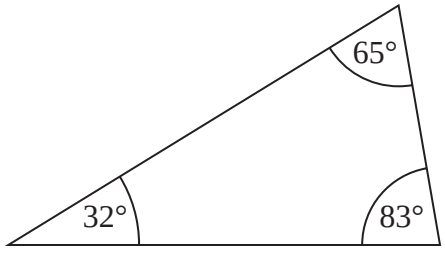

15 ÷ 3 = 5

1 mark
Image length ÷ original length.

5

(1)

Here is a triangle.

Phil says that if he drew an enlargement of the triangle with a scale factor of 2 then the angles would be 64°, 130° and 166°

(c) Is Phil correct?
Give a reason for your answer.

No. Enlargement preserves all the angles.

1 mark
Only lengths change; the angles stay 32°, 65°, 83°.

(1)

(Total for Question 13 is 3 marks)
