6 The bar chart shows the number of TVs sold in a shop on Wednesday, on Thursday, on Friday and on Saturday.

Amy started to draw a pictogram to show the **same** information.
She has shown the information for Wednesday on the pictogram.

Complete the pictogram.

Wednesday	□ □
Thursday	□
Friday	□ ▯
Saturday	□ □ ▫

1 mark
8 TVs = 2 squares,
so 1 square = 4 TVs.

Key:
□ = 4 TVs

2 marks total
Thu: 1 square (4).
Fri: 1½ squares (6).
Sat: 2¼ squares (9).

(Total for Question 6 is 3 marks)
