27 Here are four graphs labelled **A**, **B**, **C** and **D**.

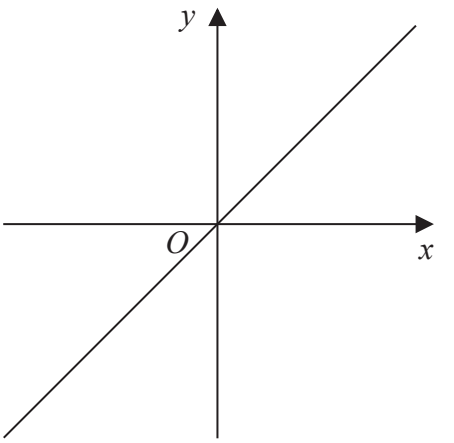

A

B

C

D

Write the letter of the graph which best represents the equation.

Equation	Graph
$y = x$	D
$y = 2$	C
$y = x^2$	B
$y = -x$	A

2 marks total
y = x: rises through O.
y = 2: horizontal.
$y = x^2$: U-shaped.
y = −x: falls through O.

(Total for Question 27 is 2 marks)
