5 A plane travels at a speed of 213 miles per hour.

(a) Work out an estimate for the number of seconds the plane takes to travel 1 mile.

213 mph ≈ 200 mph; 1 hour = 3600 seconds

1 mark
Convert one hour to seconds

	Miles	Seconds	
÷200	200	3600	÷200
	1	18	

1 mark
Scale the time for 200 miles to 1 mile

1 mark
18 seconds is a suitable estimate

18 seconds

(3)

(b) Is your answer to part (a) an underestimate or an overestimate?
Give a reason for your answer.

Overestimate: I rounded the speed down.

A lower speed gives a longer time for the same mile.

(1)

1 mark
Reason matches the estimate

(Total for Question 5 is 4 marks)
