12 Joan asked each of 60 people to name their favourite vegetable.

Here are her results.

Vegetable	Frequency
Peas	24
Carrots	16
Mushrooms	20

Draw an accurate pie chart for her results.

$360° \div 60 = 6°$ for each person.

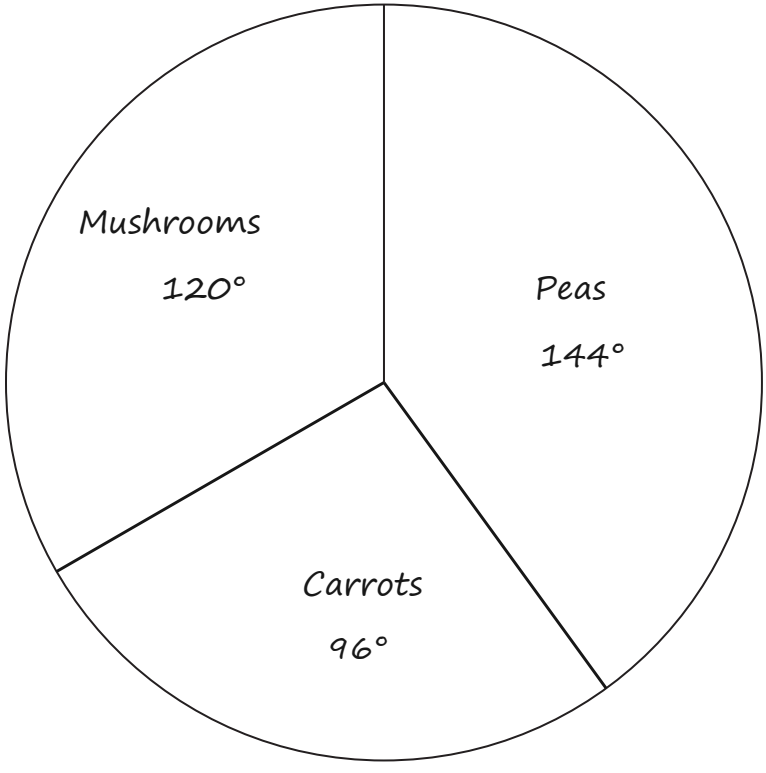

1 mark
Find the angle per person

Peas: $24 \times 6° = 144°$

Carrots: $16 \times 6° = 96°$

Mushrooms: $20 \times 6° = 120°$

1 mark
All three angles correct

1 mark
Accurate sectors with vegetable labels

(Total for Question 12 is 3 marks)
