15 There are 800 students at a school.
Each student has either a school dinner or a packed lunch.

31% of the students have packed lunches.

55% of the students are boys.
60% of the boys have school dinners.

How many girls have packed lunches?
You must show all your working.

Packed lunches = 31% of 800 = 248

Boys = 55% of 800 = 440

Boys with packed lunch = 40% of 440 = 176

Girls with packed lunch = 248 – 176 = 72

4 marks total
