23 At the end of 2017

the value of Tamara's house was £220 000

the value of Rahim's house was £160 000

At the end of 2019

the value of Tamara's house had decreased by 20%

the value of Rahim's house had increased by 30%

At the end of 2019, whose house had the greater value?
You must show how you get your answer.

Tamara: £220 000 × 0.8 = £176 000.

Rahim: £160 000 × 1.3 = £208 000.

£208 000 > £176 000, so Rahim's house is worth more.

4 marks total
