|---|---|---|---|---|---|
| 17 | (a) | No and correct working | B1 | stating bound of 2495 or 2505 or 12.45 or 12.55 | |
| | | | P1 | finds the least number of sacks<br>eg uses $2495 \leq LB < 2500$ and $12.5 < UB \leq 12.55$<br><br>**or** find the greatest weight of potatoes<br>eg $200 \times 12.5 < UB \leq 12.55$ (=2510) | |
| | | | A1 | for No and 198(.80..) from correct working<br>**or** No and compares 2510 with 2495 | All working must be correct, including figures used for comparison/decision. |
| | (b) | Decision (supported) | C1 | 'Not affected' and statement eg UB of 12.5 will be greater than 12.55 so number of sacks will be less | |
