

- 21 The scatter graph shows the age and the value of each of ten cars of the same make and model.

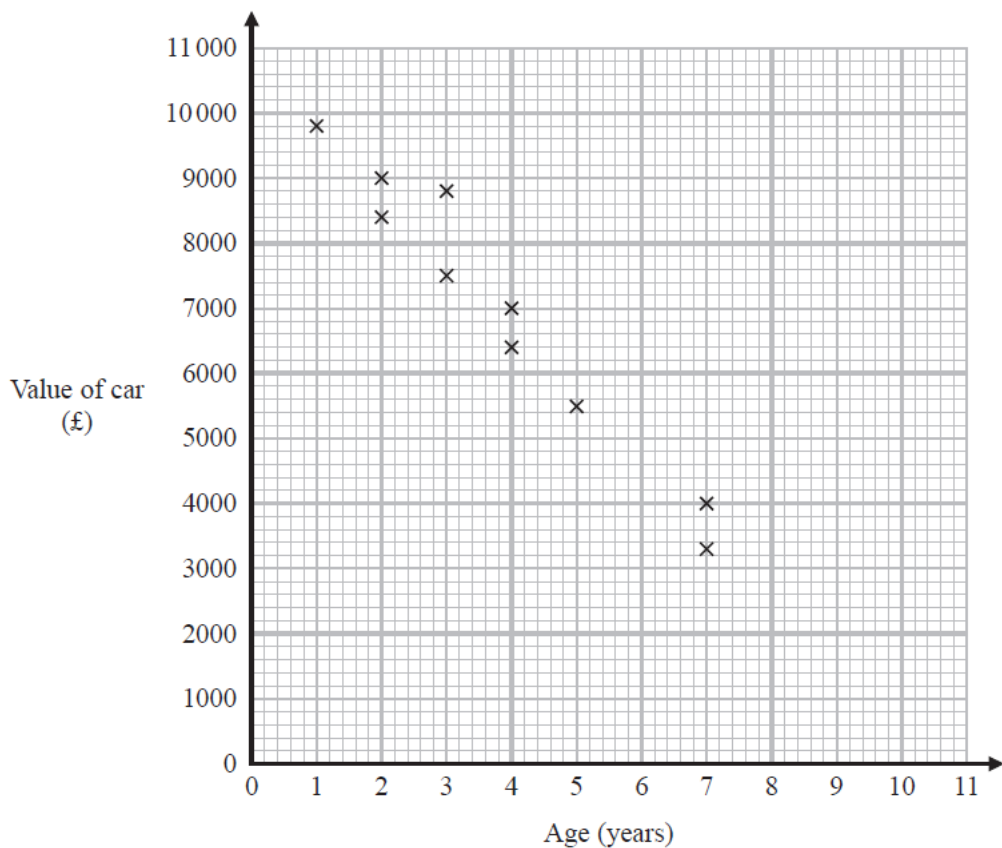

- (a) Describe the relationship between the value of a car and the age of the car.

.....

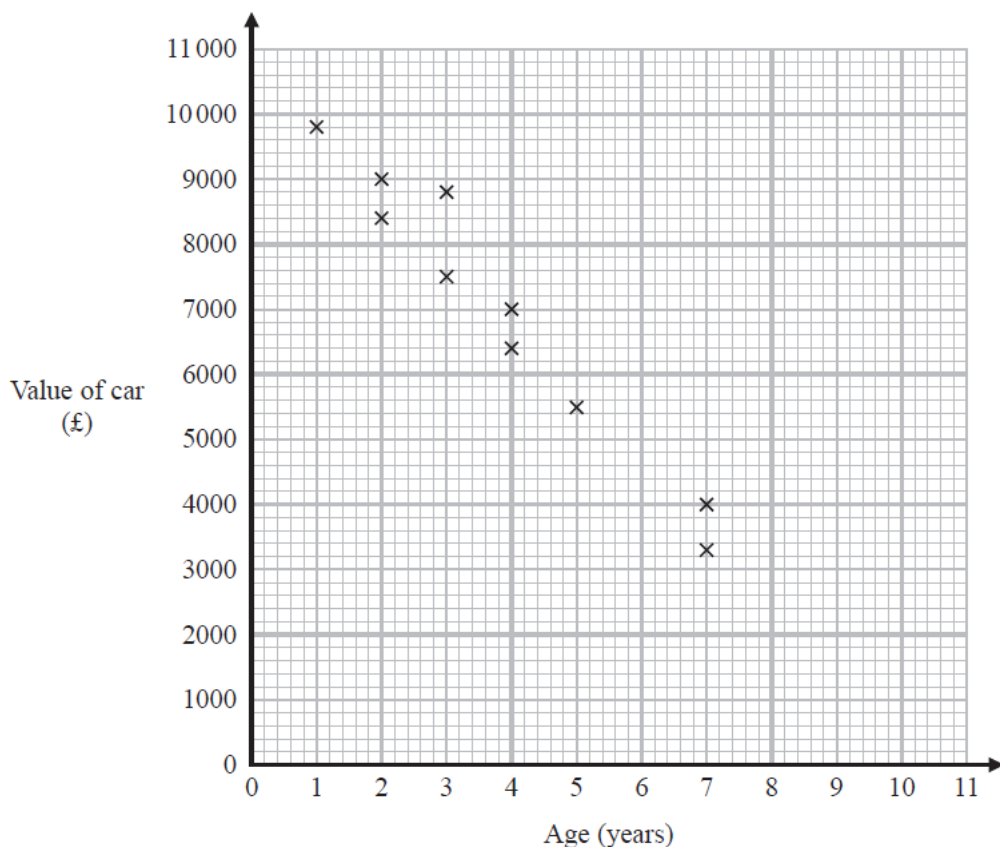

.....

- 21 The scatter graph shows the age and the value of each of ten cars of the same make and model.

- (b) Draw a line of best fit on the scatter graph.

- 21** The scatter graph shows the age and the value of each of ten cars of the same make and model.

It may not be reliable to use the line of best fit to predict the value of a car that is 10 years old.

(c) Give a reason why.
