

15	(a)	31.5	M1	for $\frac{1}{2} \times 12.3 \times 5.6 \times \sin 114$	
			A1	for area in the range 31.4 to 31.5	
	(b)	15.4	M1	for correct substitution, eg $(AC^2 =) 5.6^2 + 12.3^2 - 2 \times 5.6 \times 12.3 \times \cos 114$	
			M1	for correct order of operations, eg $(AC =) \sqrt{182.65 - (-56.03\dots)}$ or $(AC^2 =) 238.68204$	
			A1	for AC in the range 15.4 – 15.5
